📷 @colincaruso

**GRAY PERCENTAGE:**  
100% Gray all over

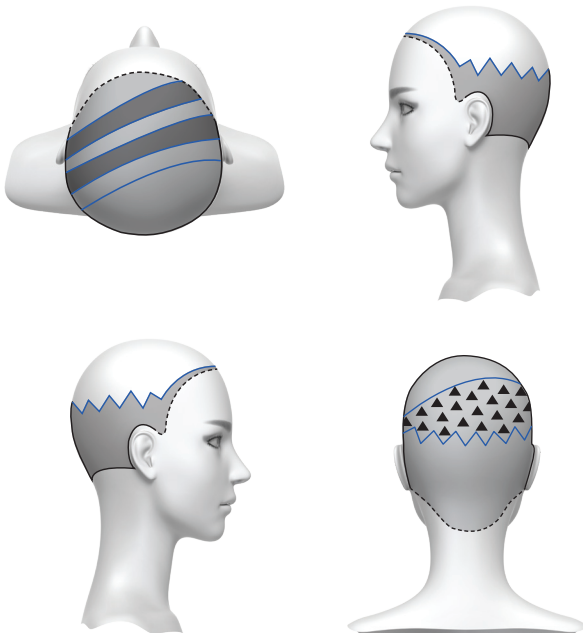

**PROCESSING TIME:**  
35 minutes

**FORMULA ONE**

1 oz. (30 ml/g) Color XG® CoverSmart 66BA (66/71) + 1 oz. (30 ml/g) 30 volume Paul Mitchell® Cream Developer

**FORMULA TWO**

1 oz. (30 ml/g) Color XG® CoverSmart 66NN (66/00) + 1 oz. (30 ml/g) 20 volume Paul Mitchell® Cream Developer

**STEP-BY-STEP**

1. Using an organic zigzag section, alternate formulas 1 and 2 around the head. This will create dimension and subtle contrast of tones with full gray/white coverage.
2. Process for 35 minutes, rinse and shampoo with Paul Mitchell® Color Protect® Post Color Shampoo followed by your recommended conditioner.

Note: The artist made a creative decision to use 30 volume Cream Developer with this formula. This was to give a more diffused effect to the deposit.
